For the fourth year in a row, the Afton Trail Run was blessed with unseasonably cool July weather and great trail conditions,

despite heavy rains in the preceding week. Charlie Hubbard once again turned in an incredible performance by running this tough course in under three and a half hours. Interest in the run continues to grow, as 86 runners completed the hilly two-loop 50 km course. Amazingly, the field included over a dozen competitors who survived the heavy storms at FANS 24 Hour the previous Saturday. The 50-km runners were treated to a lot of company for the first half of the race as an additional 187 runners ran the single loop 25-km race.

## American Cancer Society 24 Hour Candlelight Run/Walk

Burlington, Wash. August 15-16, 1997  
Track

	miles
1. Dave Dutton,40	104.00
2. Judy Ducken,49	67.00
3. Trina Dutton,13	52.25
4. Maija Liepa,50	52.00
5. Wendy Bertelsen,31	50.25
6. Doris Klaus,48	40.00

This year's event raised \$78,000 for the American Cancer Society. In addition to the six solo participants, there were 40 teams. Under hot and dusty conditions, 13-year-old Trina Dutton turned in a fine performance, finding time to take two naps in addition to all those miles. Judy Ducken again took home the "most donations" plaque, bringing in \$1,303. As always, there was great support from the community, as they provided free massages, food, and medical attention. Special thanks to the volunteer lap counters that dared not miss a lap for tired runners and walkers.
