## An "A" for the Afton 50 KM

by Bob Metzger

The Eighth Annual Afton 25 Km and 50 Km Trail Runs were held on Saturday, July 7 in Afton State Park, on the Minnesota side of the lovely St. Croix River. Runners were treated to hot weather, high humidity, well-stocked aid stations, friendly volunteers, and wonderfully marked, hilly trails. First-time directors Lynn Gannon and Stan Nowakowski did a magnificent job, following in the formidable footsteps of founders and seven-year race directors Audrey and Terry Stockton.

Charles Hubbard continued his dominance of the event, leading from the start, finishing 27 minutes ahead of his closest pursuer, Jeffrey Miller. Charles, the course record holder, has run the event six times, and has won it each of those six years. The top woman for the second consecutive year was Traci Amundson, who was also sixth overall, a comfortable 17 minutes ahead of Ragan Petrie.

Comparing the finishing times of this year and last year to previous years is a testimony to the efforts of Donald Clark and Larry Pederson, who have marked out a much more difficult and challenging course than the one used for the first six years of the event. As if marking the course on Friday night wasn't enough work for these two, Donald and Larry returned to sweep the course on Saturday.

A wealth of information about the event, including complete results for all eight years of the Afton Trail 50 Km, can be found online at: <http://home1.gte.net/ultrabob/Afton/afton.htm>. Dates and times for the 2002 event, as well as an entry form, will be posted to the website as soon as the details are finalized.
